

## ADVANCED GRID INFRASTRUCTURE RIDER

### Application

Applicable to bills for electric service provided under the Association's metered retail rate schedules.

### Rider

There shall be included on each member's monthly bill an Advanced Grid Infrastructure (AGi) Rider adjustment. The AGi Adjustment shall be applied on a per-meter basis before any city surcharge and sales tax.

### Determination of AGi Adjustment

The AGi Adjustment shall be the quotient obtained by dividing the forecasted balance of the AGi Tracker Account for each member class by the applicable meters in each member class. The AGi Adjustment may be changed annually upon a filing with the Minnesota Public Utilities Commission (Commission). The AGi Adjustment shall apply to bills rendered on and after January 1<sup>st</sup> of the year.

The AGi Adjustment for each metered retail rate schedule is:

Member Class	Monthly Fixed Charge per Meter
Residential (Schedules 31, 32, 53, 56)	\$0.66
Irrigation (Schedule 36)	\$6.07
Small General (Schedule 41)	\$0.66
General (Schedules 46, 54)	\$7.45
C&I Interruptible (Schedules 70, 71)	\$17.88

*Recoverable AGi Costs* shall be the annual revenue requirements associated with AGi capital costs (a) not recovered through base rates, (b) recorded in the AGi Tracker Account for the designated period, and (c) determined by the Commission to be eligible for recovery under this Rider. A standard model will be used to calculate the total forecasted revenue requirements for eligible projects for the designated period. All costs appropriately charged to the AGi Tracker Account shall be eligible for recovery through this Rider, and all revenues recovered from the AGi Adjustment shall be credited to the AGi Tracker Account.

### True-Up

For each 12-month period ending December 31, a true-up adjustment to the AGi Tracker Account will be calculated reflecting the difference between the AGi Adjustment recoveries and the revenue requirements for such period. The true-up adjustment shall be calculated and included in the AGi recovery filing submitted to the Commission for the following calendar year. No carrying cost shall be applied to the AGi Tracker.
